

## Table of Contents

	Page
<b>Chapter 1</b>	
<b>Introduction</b>	
Capital Desktop Architect Concepts .....	1
Overview .....	1
Wiring Synthesis Process .....	2
<b>Chapter 2</b>	
<b>Architectural Wire design Creation</b>	
Creating an Architectural Design .....	3
Export of Architectural Designs .....	3
Creating the Outline .....	4
Place a Skeleton (System Outline) .....	4
Defining the Topology .....	5
Define Harnesses .....	6
Create In-lines.....	6
Associate Systems Designs .....	7
<b>Chapter 3</b>	
<b>Wire Synthesis</b>	
Wire synthesis and rules.....	10
Architectural Reports .....	10
<b>Chapter 4</b>	
<b>Device Placement</b>	
Creating slots from Devices .....	11
Placing Devices into a slot .....	11
Automatic Placement of Devices .....	12
<b>Chapter 5</b>	
<b>Build List creation</b>	
Create a Build List .....	14
<b>Chapter 6</b>	
<b>Rules</b>	
Wire Routing Rules .....	15
Bundle Regions and Routing Rules.....	17
Wire Route Editing .....	18
Delete Wire .....	18
Wire Part Specification Rule .....	19
Cost of wire for Inlines and Junction boxes .....	19
Protection of wiring by attribute or property .....	20
Signal mapping and cavity assignment .....	20
Center strip Splice Rules .....	22
Signal mapping and Connectors.....	22
Inline Connector Rules .....	22
Custom Constraints .....	23
Network wiring .....	23

## **Chapter 7**

### **Virtual Connectors**

Signal Mapping .....	25
Advanced Signal Mapping .....	27
Connector Footprint Definition .....	32
Combine Devices.....	37

## **Chapter 8**

### **Options**

Variant and Option Based Device Placement .....	38
Harness Object Option Definition .....	40
Option Tagging and Topology Filtering .....	41
Vehicle Models.....	41

## **Chapter 9**

### **Reporting**

Reporting Facility .....	42
--------------------------	----

## **Chapter 10**

### **Validation**

Design Rule Checks (DRC) .....	44
Printing Diagrams .....	46
Edit Architectural Design .....	47

## **Chapter 11**

### **MCAD**

Change Manager .....	49
Cross-Highlighting .....	50
Placing the Branch Configuration .....	52
Linked and Unlinked Objects .....	53
Property Mismatch .....	55
Topology Mismatch.....	55

## **Chapter 12**

### **Capital Architect**

Overview .....	1
Capital Architect.....	1
General Terminology .....	2
Getting Started.....	3
Edit Metrics .....	3
Metric Element Definition .....	4
